

[Thalmann & Verling Trust reg.](#) – «We did it again!»

After winning the award for best asset manager in Liechtenstein in 2021, we were also recognised this year at the "WealthBriefing Swiss EAM Awards" for outstanding performance in 2022 in the following categories:

SUSTAINABLE INVESTMENTS PROGRAM TEAM

Judges were impressed with their winner's detailed and thoughtful entry which explained in depth the unique way that investments are evaluated for their carbon footprint. The sustainability focus was clear and very commendable.

ESG ENGAGEMENT TEAM

The expert panel were impressed that they have "A long time commitment to [ESG](#) principles and investing". Thalmann & Verling Trust reg. takes ESG investing to the next level. Their tailor-made approach at no extra cost shows that they are committed to a sustainable future," said another judge for this very worthy winner in this highly contested category.

THOUGHT LEADERSHIP - DANIEL FRAUENFELDER

Judges awarded Daniel for "His dedication throughout his career about the importance of ESG is commendable, during times where this was not at all recognized". He has been awarded for his commitment to "ESG – enduring and committed career evidenced of interest and excellence in ESG and Sustainable Investing opportunities". "Mr Daniel Frauenfelder has shown a high level of commitment to the ESG investing cause over the last 15 years when the topic was still unpopular. His area of expertise is now the investment topic of the decade," said one of the expert panel. The judges felt "He is a true thought leader in the field of sustainable financial investment and has never give up to pursue his conviction in "sustainable fields" despite head winds during his career," to make him a very worthy winner in this highly contested category.

We would like to express our sincere thanks to all those involved, especially to «ClearView Financial Media Ltd» for the great support and of course to the sponsors of the awards. We are very pleased about these awards and see ourselves strengthened to further advance the topic of ESG & sustainability in asset management.

Your [Thalmann & Verling Trust reg.](#)-Team
